

Hello how are you doing today? I'm going to ask you some questions on freedom of speech as a school going back to the first amendment. I hope you answer all of the questions honestly and how you truly feel. As the Law teacher I thought you would be the perfect person to interview about freedom of speech. If you have any questions about what I am asking feel free to ask.

My first question is,

What is the 1st Amendment in simple terms?

What does freedom of speech mean to you personally?

Do you think the first amendment is accurately interpreted, and helpful?

Why do you believe the first amendment is so important?

Does the First Amendment apply in school?

What First Amendment rights do students have in school?

Why should freedom of speech be celebrated in schools?

What does freedom of speech mean to students?

Where do you think freedom of speech fits into school?

Is freedom of speech as relevant as it was when it was created?
